NOTICE OF VIOLATION

Dear Mr. Johnson:

This is to formally notify you that Smokey Mountain Smelters is in violation of Knox County Air Pollution Control Regulation 25.5, Reporting of Information.

To correct this matter it is necessary for Smokey Mountain Smelters to maintain and submit their quarterly logs as delineated on permit condition number 7 of Operating Permits 0514-01 and 0514-02. The next quarter will end June 30, 1995. Please submit the logs within two weeks of the ending quarter. In addition, Smokey Mountain Smelters must identify any period of past operation for which these logs were not maintained.

Please be aware that further violations of KCAPC Regulations will require a more stringent level of enforcement action. If you have any questions, feel free to call me.

Sincerely,

Chris Miles
Environmentalist
